Working group 4: International trade, livestock systems sustainability, public health and animal welfare	Conference Room
Working group 5: Biocultural Protocols and Approaches to Access and Benefit-Sharing	Conference Room

Day 2

09:00 Recommendations from the Working Groups
Facilitators

10:00 SHORT BREAK

10:15 Podiums discussion

**Putting livestock development on a sustainable
path – Comments on the
Recommendations**

11:30 Summary and declaration

12:00 Closure

12:30 Lunch

The Panelists

- Ulrike Höfken, Min of Env and Agri, RLP
- Doris Lange, German Agricultural Research Alliance
- Florence Morin, European Commission
- Stefan Schmitz, BMZ
- Karin Schwabenbauer, Federal Ministra of Food, Agric. And Consumer Protection
- Henning Steinfeld, FAO

Working group 1

- **Are there feasible alternatives to industrial livestock production?
What is the scope and potential of small-scale livestock keeping,
incl. pastoralism, to contribute to global food security?**

Working group 2

- **The pro-poor angle of livestock development: Do current policies really help the poor? How could their poverty alleviating impact be improved?**

Working group 3

- **(in German): Wie müssen die politischen Rahmenbedingungen gestaltet werden, um Familienbetrieben das Überleben zu ermöglichen?**

Working group 4

- **International trade, livestock systems sustainability, public health and animal welfare – are they compatible and how can these goals be better aligned?**

Working group 5

- **Biocultural Protocols and Approaches to Access and Benefit-Sharing for Animal Genetic Resources**
